

HEIDINGSFELD'S NEW BRUNSWICK DIRECTORY

INCLUDING HIGHLAND PARK

1926-1927

Also Directories of

**METUCHEN, MILLTOWN, SAYREVILLE, SOUTH AMBOY
and SOUTH RIVER**

COMPRISING

MISCELLANEOUS SECTION, New Brunswick (page 13), Metuchen (page 685), Milltown (page 749), Sayreville (page 789), South Amboy (page 827), South River (page 923), containing Municipal and County Government information, Educational and Charitable Institutions, Churches, Fraternal, Secret and Benevolent Societies, Etc.

BUYERS' GUIDE (page 49). Advertisements of leading houses in all lines where more information than is possible to give under the headings is placed on file for Buyers' Reference, the value of which department cannot be over estimated. It is an index to the best interests of the city, and stands for them and the city in reference libraries all over the country as well as on the desks of progressive business men. It is accessible to everybody and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men as a glance at this department will show.

ALPHABETICAL SECTION—New Brunswick (page 97), Metuchen (page 685), Milltown (page 749), Sayreville (page 789), South Amboy (page 827), South River (page 923), gives names, occupations and addresses of all men twenty years old or over, together with wife's name where married, also widows with given name of husband. Full copartnership and corporation information is contained in this department, together with complete business and professional information. Names in large type are those who realize the value of placing themselves where they may be speedily and conveniently found.

RURAL FREE DELIVERY ROUTES (page 1005), emanating from New Brunswick Post Office.

STREET and AVENUE GUIDE and DIRECTORY of HOUSEHOLDERS (page 685-a), showing all streets and avenues with starting point and intersections enabling one to tell at once between what streets a given number lies, consequently the quickest way to get there. Also the names of heads of houses, and of all business and professions.

CLASSIFIED BUSINESS DIRECTORY (page 1015). All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses realize that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross indexed to a descriptive space in the "Buyers' Guide." More goods are bought and sold through classified Directories than through any other medium.
