## THANX

By  
Nancy La Rosa  
&  
Lynn Sitrin

As the year ends so does our jobs as editors of the "Advocate". The work is over now, work that everyone put in. The newspaper was one of the most important things to us this year and we hope we made it mean something to you also.

The particular newspaper got together to help it along. Not only the editors, reporters and photographers but the whole student body. Everyone contributed to make this newspaper something special.

We, personally, would like to thank everyone who has helped us this year with each and every Advocate. We would especially like to thank our advisor, Mr. Kenny, who's patience were beyond belief. We truly hope this Advocate is as special to you as it is to us.

## A Really Big Show

By  
Tina Wright

One of the most controversial issues here at J.A. has been the talent show. So far the planning has been going pretty smoothly. Mr. Gargulio has been chosen to be in charge of the show. Mr. Gargulio's main goals are to give the students a chance to express their talents and to have some fun.

There has been 41 entries eight seventh graders, ten eighth graders and twenty five ninth graders. There are also a few teachers who are going to do their thing. The entries are of wide variety including tap dancers, singers, magicians, and dancers.

The talent show will take place sometime in June. If it proves a success. "The Talent Show" may become an annual events at John Adams.

## 3rd Century A.D.

by  
Lizette Draper

There was a group of young ladies and gentlemen who came to John Adams from J.P. Stevens for a very entertaining assembly. This assembly was the best yet, because of the great singers, actors, and bands in this assembly. If you had really noticed how together this group was, you would see they must've had a very good conductor.

The 3rd century A.D. had practiced very hard to make sure they had everything right and together. We thank you 3rd century A.D. for showing us your talents and giving us the best assembly yet!

## Our Fantastic Photographers

By  
Nancy LaRosa

You may have noticed that this Advocate is just loaded with photos. Well, I guess just about all of you know who we should thank for these photos. Mr. Thompson and his group of guys have helped us throughout the year.

Mr. Thompson and his crew have been quite busy snapping away. For two weeks, Mr. Thompson was taking home-room pictures and the boys were snapping clubs, teams and other activities. Of all the things that have been contributed to our paper we must say our pictures will be the most treasured for many years. Thanks guys!

## Some Applause A Real Success For Mr. M.

By  
Lynne Mc Laughlin

"Don't applaud me now!" Mr. Mesonas was heard saying many months ago at a pep rally. Well, Mr Mesonas, our unsung hero of many school activities, we now applaude you!!

In case you don't know, Mr. Mesonas is a teacher in the metal and electricity shops. He volunteered for the position of 9th grade advisor this year, replacing Mrs. Rak who had to leave to have her baby.

As 9th grade advisor, Mr. Mesonas supervises all 9th grade committee meetings, where the students plan dances and other activities, and also try to better the school and the activities that they planned. The 9th grade committee is composed of 3 students elected from each homeroom.

Mr. Mesonas is kept quite busy. He is constantly taking his life into his hands by bugging Mr. Fried about such matters as "allowing guests into dances", "changing the date of a dance", "replacing the pep show, which was usually at night, with a dance", "getting a yearbook" and many more constant nags, all for the 9th grade and school.

When Mr. Mesonas was asked he liked about his ninth graders this year, he replied, "I took a survey of 9th grade this year and found that 75% of the students were involved in activities. It just goes to show that there is a variety of talent and interest in the 9th grade. I don't like the reluctance of some to change or get involved, and this is just what they are complaining about in teaching".

He said that the pep rallies were new and successful. There were only two because the enthusiasm at the rallies did not should have created enough for all sports in the rest of the games.

He also was pleased with the fact that ninth graders were doing the announcements. He thought that combining the efforts of the faculty, students, and administration was a good situation. Mr. Mesonas also commented, "I was exceptionally happy with the ninth grade committee because I could count them for assistance concerning all school functions."

In closing I would like to say thank-you to Mr. Mesonas, you did a great job and good luck next year with the future 9th graders.

The 9th grade play, "You Were Born On A Rotten Day", wasn't rotten, but a success. All the players carried their parts well, but two names that stand out are Steve Tasy and Nancy La Rosa.

Steve who played the part of physics professor, Claude P. Jones, carried out his part in great form. There was more pressure on him than anyone else, for he had over 300 lines. But he did an excellent job, his voice faltering only once, when the infamous red phone, kept falling off the wall. His playing was subject to a few slight cases of overacting, though. He seemed to over-dramatize a few of the lines, more than was necessary. But, this minor criticism, is overshadowed by the fine job he did. He was a strong and dramatic player.

Nancy as Connie Constellation, was the high-point of the show. Her too brief role was made fantastic, by her camp Brooklyn accent, backed up by her leopard spot dress, piled hair, and crazy glasses. She used her whole body in her acting by flailing her arms, stomping around, and her moods could be changed from cool to hysterical.

Everyone did a great job, and it should be the rival of plays for years to come.

## New Twirlers

By  
Marissa Sherman

This year, as always, Drill team tryouts were held. On Wednesday, May 8th, the girls locker room was filled with many nervous girls. On May 9th the following girls found that they will make up next year's drill team.

Robin Ichel	Jodi Levy
Aileen Davis	Sue Benedickson
Leslie Noble	Lisa Kusel
Debbie Lewis	Pat Lesko
Iris Birenbaum	Deb Greenfarb
Ellen Hepp	Fran Storfer
Sue Rosenblum	Dawn Steinbeck

Many of this year's twirlers went on to tryout for Stevens flag team. We are proud to say that 5 of our twirlers made it. They are: Audrey Kaplan, Cathy Goldsmith, Jennifer Leasure, Laura Szykowski and Darlene Diss.

Congratulations and Good Luck to all our new twirlers.

## Spirit For Next Year

By  
Sheila Curry

"S-P-I-R-I-T." That was certainly shown by the girls that tried out for cheerleading. John Adams held six clinics on Wednesday and Thursday, after school, for all interested girls.

Each girl was required to learn seven jumps, a split, a cartwheel, a front sit and two school cheers. They also had to make up a cheer of their own. The tryouts were on May 6th. Of the 20 girls who tried out the 10 new cheerleaders and 2 new alternates are:

Donna Le Favor	Donna Spector
Lisa Cobb	Jennifer Lasker
Sheryl Curry	Marla Rothman
Shelly Daniels	Cara Sytch
Debbie McAvoy	Coleen McKenna
Adrea Kish	Adean Messing

Fourty five girls tried out for Steven's varsity and Junior Varsity teams. Twelve girls were chosen for each squad on May 10th. Girls from Steven's, Freshmen from Adams, Wilson and Hoover attended the three clinics held on Wednesdays, after school at Stevens.

Ten jumps, a school and individual cheer and a original group cheer were required for the tryouts. The girls were given a spontaneous cheer which threw many girls off. We would like to congratulate Jo Anne Sliwinski for making J.V. cheerleading at J.P.

John Adams and the Advocate would like to congratulate the new cheerleaders. So... if you're really, Le Go!

## Teacher of the Month Mr. Kupcha

By  
Donna Forte

As the last issue of the Advocate comes along so does another "Teacher of the Month". The teacher of the month this issue is an 8th grade science teacher, Mr. Kupcha. Mr. Kupcha was born in Perth Amboy but now resides in Edison with his wife and Siberian Husky, Niki. Mr. Kupcha attended Perth Amboy High School and Paterson State College. Mr. Kupcha's hobbies are basically all kinds of sports and he enjoys to read and listen to rock music in the radio. Mr. Kupcha's main pet peeve is the kids that don't care about themselves or their school. The thing he likes about John Adams is the number of students that do care about themselves. He feels that most of the kids at John Adams are basically good kids. Of all the places Mr. Kupcha traveled the place he likes the best is New Hampshire. He likes it so much that someday he hopes to move there.

Mr. Kupcha has been teaching Science here for 7 years and he teaches night school to people that wish to obtain high school diplomas. When I asked Mr. Kupcha if he wants to continue to teach he said, "Definitely."

Mr. Kupcha's main goal in life is to help as many kids as he can and in his profession he feels he can do so.

The Advocate staff congratulates Mr. Kupcha and wishes him best luck always.

## J.A. Gymnasts

By  
Marissa Sherman

This year the Gym Show was held as an assembly during school. Both boys and girls participated in this event. Each morning they practiced in the gym to make the show more exciting for everyone. A few people also practiced during lunch and after school to perfect their routines. Most gymnastic routines were done to music. There were routines on bars, the beam and mats. Even the boys got into the act, although no duel stunts were done. Mr. Garguilo felt boys had neither the strength or ability to carry out these stunts. The show was quite successful and we'd like to thank the participants for the fine entertainment.

## Movie Review

By  
Rich Bfrazide

"Sleeper," which stars Woody Allen and Diane Keaton, is about a man who was frozen for 200 years and unfrozen 2173. He (Woody Allen) is then rehabilitated by two doctors who get him to kill the president of their country. He starts off on his journey, but is delayed by many things he has never seen before. His misunderstanding of the futuristic objects is really funny, but just looking at him would make anyone laugh.

Contrary to the title, "Sleeper" is a very funny movie. Woody Allen has a unique style of comedy, which falls somewhere between slapstick and the Marx Brothers, plus a lot of original materials. "Sleeper" is just another in the line of great Woody Allen movies.

### "American Graffiti"

This movie takes place in a small town in California in 1962. A group of teenagers have recently graduated from high school and are still undecided about their future. All the events in the movie take place during one night.

It doesn't have much of a plot, but makes up for that by excellently portraying the time period. For example, there are scenes at sock hops and malt shops, and the choice of music is very good.

It was nominated for 5 Academy Awards, (including best picture), but failed to win any. The reason for it's success is simple: nostalgia. That's what the public seems to enjoy nowadays.

American Graffiti is an original, simple, and funny movie. I recommend it.

## Perfect J.A. Girl

Just about this time every year the boys get together and decide how to put that "puzzle" called the perfect J.A. girl together. Many had a hard time deciding but here is the outcome.

The hair would be Joanne Sliwinski's and the eyes like Noreen Lynch's. The boys also voted for Donna Hendrickson's nose, Randi Sanowitz's smile, Lorraine Teller's teeth, Patti Davis' laugh, and Mary Vongas' voice.

She would have Dorian Maida's figure, Audrey Kaplan's legs, Mary Ann Bellina's walk and Joanne Sliwinski's hands. The boys also picked Karen Jannoni's clothes and Lynn Sitrin's personality. Fit all these pieces together and what do you have? The perfect J.A. girl!

## Perfect J.A. Boy

By  
Donna Crapelli

The J.A. girls have finally gotten together to determine the perfect J.A. boy. All the girls had their favorites but the majority said the following:

The boy with the best hair is Gary Cushman. The eyes are a combination of Billy Eckert and Neal Briskin. Bob Napoliello was voted for the best nose and smile. The best voice is John Innamorato's, best body is Kevin Alston's and best legs are Bob Buccino's. Gary Cushman was voted for the nicest personality and Mike Dudas is the best dressed. The whole face is a combination of Bob Napoliello's and Gary Cushman's. Mike Kubas was voted for the best walk.

All these characteristics in the girls' opinions make up the perfect J.A. boy.

## A Bigger "Advocate"

By  
Nancy La Rosa

This year the Student Council conducted a "Car Wash" to do the newspaper you are reading now. This newspaper is the longest newspaper we have ever had and of course the financing of it was of course increased.

The car wash was held on June 1st. It took place at the Arco Gas Station on Route 27 10:30 A.M. till 3:00 P.M. The washers worked in two shifts. The props needed to wash the cars were donated by the students.

A great deal of planning was put into the Car Wash. There were advertisement committees and other volunteers. Mr. Fried's consent was obtained after much thought. A lot of work was put into the car wash with one goal in mind to help us have this paper.

The newspaper is to represent the yearbook we found it impossible to obtain. The car wash, reporters, photographers, and editors all put alot of time and energy into this newspaper to make it the yearbook we could not have.

## Cupids Corner 7th Grade

The 7th graders have been going strong all year. Here are some of the recent couples.

V.R. and J.M., L.V. and K.P., D.M. and S.C., T.T. and S.T., C.J. and A.M., M.W. and S.C., M.B. and M.S., and M.R. and R.D.

Watch out M.M., A.Y. has her eye on you. D.L., J.M. likes you, do you like him? There is only one Adams-Wilson couple, L.K. and L.T. But R.B. is still deciding between J.H., or M.M. from Wilson. Keep up the good word next year!

## 8th Grade

By  
Donna Schwartz

There are alot of new couples in the eighth grade this month: L.R. & P.C., I.B. & S.M. and J.F. & N.D., L.G. from St. Helena's & G.M., D.L. & T.B., L.W. & A.D., L.R. & M.M. from Wilson.

9th grader P.D. & G.B., D.S. & B.S. from Iselin, D.R. & T.D., and 9th grader L.C. & K.B. Some old couples are: D.G. & P.C., M.G. & D.S. & M.R. & P.K. Some Hints for the hopeful: S.M. likes 7th grader T.O., G.L. likes A.M. S.B. likes 9th grader B.B. S.R. likes L.R. C.C. likes S.W. from Wilson A.M. broke up with L.R. & now likes T.F. P.W. wants to go out with L.R. we hear-sorry M.G.!

E.H. was going out with M.B., then R.B. Now C.C. from Stevens is asking about her! What about it E.H. is C.C. next? M.R. asked J.L. to the dance J.L. flatly refused! That's it for now. Keep up the good work! See you next year!

## 9th Grade

The ninth graders have really been busy lately. Our Seasons Greetings couple R.S. and P.S. have broken up and P.S. is going out with M.A.B. R.S. is going out with E.D. a junior from Stevens.

Some of our Adams-

Stevens couples are K.J. and E.D., and K.R. and M.C.

Our old faithfuls are N.G. and P.B. They've been going out for just about a year and are The Hall of Fame's cutest couple. Another long laster is J.S. and J.L., who have been going out for more than four months.

Some other J.A. couples are M.V. and M.D., G.C. and L.S., L.C. and K.B., an eighth grader, and J.C. and M.G., a seventh grader.

Some pretty interesting things have happened at the dance. K.F. got athlete E.P.

on the dancefloor and something happened. Now they are going out. C.D. was with V.M. and something cooking.

A little note to M.D. from L.M.... EUG OFF!

Well ninth graders you've made news for 3 years now. Keep it up!

Mrs. P. - Six weeks of title one program and off to Florida till school starts.  
Miss. D.- Nothing special.  
Mrs. McN - Go to Venezuela.

## Last Dance

By  
Sue Miller

Our last dance of this school year, "Stairway to Heaven," was held on May 10th. It was originally planned to be strictly for the ninth grade, but plans had to be changed to boost attendance.

To make this dance a little special for the ninth grade class leaving Adams, a few minor changes were made. It was asked that jeans, fannels and sneakers be substituted by something a bit dressier. Quite a few people followed this suggestion.

The band at this dance was great. A lot of people said that "Cold Blaze" was the best band Adams has had in quite a while, and I agree. There were 3 guitarplayers, a drummer and a singer. They played really well and we were glad to have them.

The only major complaint was the behavior of one large group. They didn't seem to appreciate the band and it showed in their dancing. Oh well, maybe by next year things will change. It was a really great dance and will always be remembered by the '74 9th grade class.

## Putting It All Together!

## Was I Scared!

By  
Karen Jannoni

C.D.- When Mr. Mainiero got mad at our 7th period class and said we have the intelligence of a grape.  
J.I.- When I was pole vaulting and I missed the pit.  
M.S.- When my hands caught on fire while we were doing a lab in Science.  
N.L.- When Mr. S. shoved me in a broom closet and started yelling at me.  
S.W.- When me and K.K. were taking a shortcut through the woods and heard someone sneaking around behind.  
M.V.- I was outside until 11:00 and I was supposed to be in at 8:00.  
L.M.- When I had to try out for Stevens cheerleading.  
R.G.- When the police handcuffed me and my friend.  
J.L.- When the polish on my sneakers started to flake off at Drill tryouts for Stevens.

## What Did You Like?

We know that in the three years you go to John Adams you've somethings you like and even things you did not like. Because of this we thought it might be fun to ask the ninth graders what they liked and will miss.

M.D.- nothing  
K.P., N.L., L.S. & R.S.- Mr. Nienberg's 7th period class.  
T.S.- Mrs. Rey's 7th period class- HA! HA!  
C.G.- Mrs. Bircholtz's 3rd period French class.  
M.V.- My hall locker that I had for two years.  
L.C.- Lunch  
E.M.- Miss Zalick's black dresses.  
J.R.- Lunch time  
J.D.- Freezing at the football games.  
K.J.- Ninth grade  
J.L.- Nothing

## Career Day?

By  
Stephen Tasy

In a few years many of the students here at John Adams will be going to high school and eventually, college. These students will soon be in a position where they will have to decide what they want to do for the rest of their lives. This is a very important decision. The Career Day program at our school helps them to decide wisely.

On Career Day, people working at many professions come to J.A. and talk to eighth and ninth grade students about different jobs to be found in their fields. For example, a doctor would talk to the students about specialized medical careers such as a heart specialist, a nurse or eye doctor, ect. Each speaker would spend one class period with the students who have a choice as to which occupation they would like to learn about.

This year, our Guidance Counselor, Mr. Stock is in charge of Career Day. Unfortunately, he has had some trouble in finding speakers. This is due to the fact that at this time of year many people asked to come were so busy with previous engagements. This problem was also one of the chief causes of worry that plagued last year's Career Day. In fact, the problem was so serious that Mr. Stock wasn't sure if we would have a Career Day.

Despite the drawbacks, Career Day is a very interesting experience for all involved.

## Song Twists

By  
Karen Jannoni

It was "Midnight at the Oasis" and I was "Dancing in the Moonlight" with a "Hard Headed Woman." The next thing I knew we were climbing "The Straiway to Heaven." And we met with "Benny and the Jets."

On the way down we met "The Streak" and he was singing "Goodbye Yellow Brick Road" When we got back we started to "Eat a Peach." And the phone rang. Someone said "I Have to say I Love in a Song." As the "operator" came on she said "Rock On" and Get off!

So we got off and I asked her "Do you Wanna Dance" and she said I can't cause I'm "hooked on a feeling." I said "Baby, don't Get Hooked on me," then she said but, I'd love you to want me."

# SPORTS '73 - '74

## Athlete of the Month - Track

By  
Kathy Foxx

Kelvin Alston was chosen as this month's track athlete. He seemed happy about being picked.

Mr. Reilly, the track coach, said Kelvin was picked because he is the best all-around athlete. Out of 13 events he is the best on the team in about 1/4 of them and he is the fastest runner for sprints. Mr. Reilly also added that Kelvin has the highest total of points accumulated at this time.

Kelvin said he first became interested in track when his brother was involved in it. Mr. Reilly asked him to go out for it in 7th grade. He liked it so much that he decided to go out for track again in 8th and 9th grade.

When I asked Kelvin what make the team better he replied, "If more 7th graders would join the team it would help."

The events Kelvin participates in are the 100, 200, quarter mile, long jump, and high jump. His favorite is the long jump. He has improved in all of these events since last year.

Kelvin plans on joining the Steven's track team next year. We wish him alot of luck.

## Spring Soccer

By  
Missy Gilman

This year's spring soccer team was quite successful. It was headed by our art teacher Mr. Gregory. It was sponsored by Middlesex County. All students from any junior high in the county could participate. There were 18 players who volunteered. Sixteen boys and two girls. From J.A. we had Rosemarie Elder. The other girl is a student at Wilson. At first Mr. Gregory was surprised but they played great. The girls showed they could play better than some of the boys on the team.

The purpose of spring soccer was as Mr. Gregory said. "To involve students in soccer role and to learn the skills of soccer." He devoted his time to promote more soccer playing, because he enjoys playing the sport.

Mr. Gregory was captain for two year's of a college team in North Carolina. He has been active in coaching since he started teaching in J.A. four year's ago. The exhibition games showed our team had some good quality players.

Mr. Gregory wants soccer to become more important in the United States, mainly because soccer is the number one sport in the world. What about next year? How about joining the team?

## Soccer '73

The 1973 Soccer Season ended with a record of 2 wins and 12 losses and 1 tie. We beat Linwood of North Brunswick 3-0, and South Brunswick 1-0.

Mr. Barroquero, the coach, said, "We had a bad season record wise, but a good season in the sense that the team played well together the entire year, considering the fact that the team was made up of mostly 8th graders."

When asked about next years team he thought they should really do well. Four of the five players who scored goals this year were 8th graders who will play soccer again next year.

The Advocate Staff wishes Mr. Barroquero and next years team alot of luck.

## Athletes of the Month - Baseball

By  
Audrey Kaplan

This months baseball co-athletes have been chosen by the coach, Mr. Barroquero. They are Bob Napoliello and Keith Plaskon.

To start off with, Bob plays first string shortstop. He has been playing baseball since he was 8 years old in the Little League. Thanks to his father and grandfather, Bob found his mistakes and was able to correct them. This is Bob's second year on the John Adams team and he hopes to continue in Stevens. He said he would love to make varsity but would be more than happy to be on J.V. Bob also commented on the devotion of his team-mates and the coach. He feels they work really hard and seriously hope to have a winning season. As for the coach, Bob says he really knows what he's talking about and has alot of confidence in the team.

Keith Plaskon our next co-athlete of the month plays pitcher and centerfield. This is also his second year on the team. He was really happy about receiving Athlete of the month but was also very surprised. Keith thinks this year's team can play together well because everyone becomes very serious. Keith feels Mr. Barroquero is one of the best coaches he's ever had because he corrects their mistakes instead of screaming at them. Keith said, "Every player helps everyone else along, that's why we should have a good season." Keith's father also helped him along through Little League. Thanks to Mr. Plaskon, Mr. Napoliello, Mr. Barroquero and of course Bob and Keith we have two fine players. Congratulations to them both!

## Wrestlers Rate A Great Team

By  
Cathy Dudas

The 1974 Wrestling Season proved to be successful for John Adams. The final record was 7 wins, 4 losses and 1 tie.

Victories were as follows:  
Thomas Jefferson 45-21  
Woodrow Wilson 38-30  
Carteret 55-5  
Highland Park 58-7  
Scotch Plains 32-18  
St. Thomas 51-8  
South Plainfield 42-18  
The Madison Township match ended in a tie, 31-31.

In addition to these, the Freshman team won the district tournament with 7 wrestlers taking first, second and third places.

Congratulations to Mr. Zarro and the team for such a fine record. Good luck and keep up the good work next year.

The John Adams Baseball team has had the best start Mr. Barroquero has seen in all his years as a coach. The devoted players are:

Mike Alfieri	Rich Mongioi
Greg Bayard	Gleen Mrock
Kurt Beck	Bob Napoliello
Bob Buccino	George Neelen
Gary Cushman	Keith Plaskon
Rich Gallagher	Joe Ruvalo
Neil Gibson	Brian Smith
Larry Gold	Alan Sorrentino
Jeff Katselnick	Bob Suvoiy
Glenn Lauritsen	

The team has some really talented players. With 4 home-runs by Bob Buccino, 2 home-runs by Brian Smith, 1 home-run by Alan Sorrentino, 1 home-run by Gary Cushman, and 1 homerun by Bob Suvoiy.

With the determination of the rest of the team, we so far defeated T.J., Kawameeh, St. Joseph, Plainfield, Linwood, South River, Madison Township, and Hillside, with one loss to Hammarskold, one loss to St. Joseph and one tie with Wilson. Mr. Barroquero expects the second half of the season to go as well as the first, because the team plays well together. Good Luck boys and keep those bats swinging.

## Keep on Truckin'

By  
Sandy Little

The John Adams Track Team has not been as fortunate as past teams. Their record as it stands, is no wins and 8 losses. But on the other hand, they have had some outstanding athletes. Two of the outstanding are Helen Grant for the girls and Kelvin Alston for the boys.

Helen Grant set the first, new record for the girls in the 100 yard dash by running it in 12.3 seconds. Kelvin Alston (who was chosen as Track Athlete) will finish the season leading the team in points scored.

In 2 other fields, Jay Tauber threw the javelin 131 feet and Kevin Kish has thrown the shotput almost 40 feet. Here is a list of the members of the Track Team.

Kelvin Alston	Vinnie Mistretta
Sal Ascolese	Carol Mitchell
Sebron Brown	Gail Mitchell
Yvonne Campbell	Paul Murray
B. Caruso	Tom O'Leary
Gary Cornelius	Kerry Petruska
Ed Godfrey	Jay Tauber
Doug Grant	Sharon Timko
Helen Grant	Frank Valendo
Don Innamorato	D. Wickberg
John Innamorato	John Yadamie
Don Keenan	
Tim Keenan	
Kevin Kish	
Mike Kubas	
John Laraisa	
B. Lewis	
S. Lowell	
Steve Miller	

The managers are: Sandy Biscaba, Carole Danek, and Sandy Ricigliano.

Thanks go to Mr. Reilly for coaching the team. Good Luck next year to all the members of the Track team.
